GENERAL SPECIFICATIONS	
CONCEPT	**DESCRIPTION**
Operation temperature	0 .. +40 ºC
Storage temperature	-20 .. +55 ºC
Operation humidity	5 .. 95% RH
Storage humidity	5 .. 95% RH
Degree of protection	IP20, clean environment
Installation	Independent device to be installed in back boxes
Weight	34 g
Housing material	PC+ABS FR V0 halogen free

INSTALLATION INSTRUCTIONS

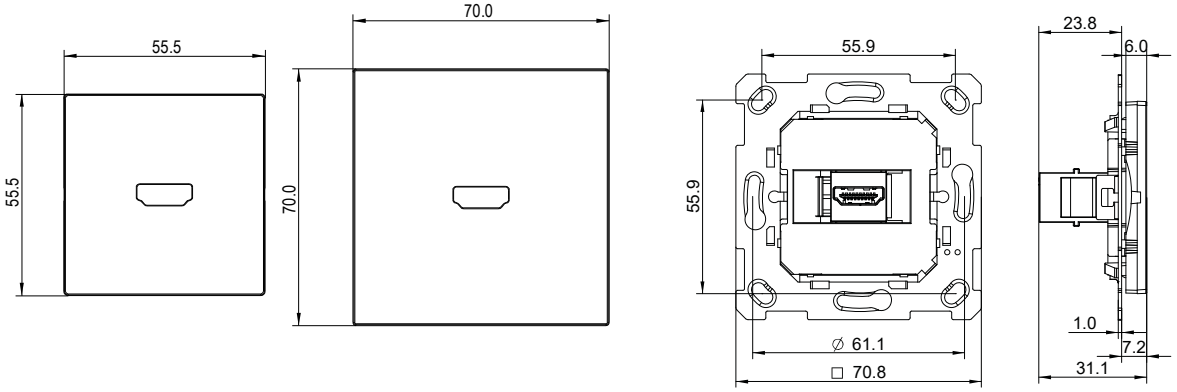

1. Connect the HDMI cable at the backside of the HDMI keystone.
2. Insert the HDMI keystone into the support piece by first introducing the rigid clips at the side where the two grooves are located (see detail image) and then tilting the keystone to insert the flexible clip on the opposite side. Fix the fixing plate to a square or round flush back box by using the screws from the box (fixing clamps can optionally be used). Check that the plate is correctly leveled.
3. Fix the decorative frame and the cover into their final position.

To remove it, proceed the reverse way.

NOTE: Please ensure that the flush back box is deep enough, according to the HDMI connector.
